

What Happens Next?

You've had your photoshoot and received a link to your online viewing gallery. Keep reading to find out what happens now!

Look through your photos!

Click on the link and using the password provided, look through your gallery. The images are watermarked proofs at the moment and can't be downloaded, but you can still see all the gorgeous details.

Decision time!

It's time to decide if you're going to stick with the small selection of favourites included in your session fee - the number of favourites you can choose is on your original price list - or upgrade and get the whole gallery.

UPGRADE

£99

all the images in your gallery (25-35 images) to download

a 20x20 inch collage print (unframed) with 9 images from your session
or

an 18x12 inch fine art print, on museum grade archival paper

What's an upgrade?

For £99, you get every single image in your gallery to download and keep, plus your choice of unframed print: either a 20x20 inch collage with 9 favourite photos, or a beautiful fine art 12x18 inch print of 1 favourite image on museum grade archival paper.

What about prints?

If you've upgraded and chosen the fine art print, I'll get your photo printed as soon as you add it to your favourites list. For the collage, I'll send you a mockup and we can make any changes you need before I order it. Prints are usually ready for collection in 2 weeks.
