

Your Photoshoot Timeline

What happens next?

You've paid your deposit, booked the day and time of your session (or a provisional date if it's a newborn shoot and your baby hasn't arrived yet!) and received the terms and conditions.

But what's next, and how & when will you get your photos?

Hopefully this timeline will answer those questions for you!

1

AROUND 2 WEEKS BEFORE YOUR PHOTOSHOOT

fill in the booking form

The link to your booking form will be included in the same email as this timeline and your session guide. Please fill it out in as much detail as possible so I can prepare your photoshoot perfectly.

If there's anything you've already told me, feel free to leave that part blank, unless it's a required question.

2

ON THE DAY

attend your photoshoot!

Today is the day! If you're coming to the studio or meeting me outdoors, please leave plenty of time for travel so you don't lose any shooting time! If you haven't signed the terms and conditions already, I'll ask you to sign on my iPad before we get started.

3

WITHIN 24 HOURS OF THE SHOOT

pay your session fee

After your session (or the next day if it was an evening shoot) you'll receive an invoice for the remaining session fee. This is the amount from the original package, minus the deposit you paid to secure the date and time. Please pay this within 24 hours of the shoot.

If you'd prefer to pay in cash on the day, that's fine too.

4

ONE WEEK AFTER YOUR PHOTOSHOOT

get a link to your viewing gallery

The images in your viewing gallery won't be downloadable just yet, and will have a faint watermark on them. The number of images in the gallery will be between 25 and 45, depending on the package you booked. The number of images you can expect for your shoot will be listed on the original price list.

5

WITHIN 5 DAYS OF RECEIVING YOUR GALLERY

choose your images & pay for any extras

Your viewing gallery will be live for 5 days. During this time you can choose your favourites (either 5, 7, 10 or another number depending on the shoot you booked). If your shoot includes a print, you can also choose one of your favourites to have printed. During this time you can also decide whether you'd like to upgrade and purchase all the images.

6

UP TO 3 WEEKS AFTER CHOOSING YOUR IMAGES

get your final images

Up to 3 weeks after you have chosen your photos, you'll receive an email from me with a download PIN code. You can use this to download your images and save them to your device. The images will be high resolution and will have no watermark. You will also have full printing rights so you can make as many prints as you like!

7

UP TO 3 WEEKS AFTER CHOOSING YOUR PRINT(S)

get your printed products

For shoots with prints or any upgraded shoots, once you've chosen the image(s) you'd like printed I will order them for you.

They can take up to 3 weeks to arrive, but are often sooner. Once your print(s) arrive here I will package them up and let you know so you can either collect them from me or arrange for me to post them to you.

8

WHENEVER YOU GET A FREE MOMENT!

leave a reivew

Reviews help me so much, so if you enjoyed your shoot and are happy with your photos, I would be so grateful to get a review! Even just a couple of words would be really great for me and also for future clients who want to know what to expect! You can either leave a review on my Facebook page, or on Google when searching for my business.

thank you so much for choosing me as your photographer!
